Disclaimer: Miller engine-driven welders, HDI™ Air Pak™, and EnPak® power systems are distributed through separate channels due to the different installation requirements. Miller engine-driven welders (Blue Star®, Bobcat™, Fusion, Trailblazer®, Big Blue®) are sold through GAWDA partners. Machines do not require integration into vehicle systems. EnPak and HDI Air Pak power systems are sold through the Upfitter channel, as specific vehicle system integration is required by authorized Upfitters. **Important:** Specifications are subject to change.

*WIC is wireless interface control. See individual literature sheets for more information.
